

SUBARU

FORESTER

Engineered with Confidence. **Built for life.**

A silver Subaru Forester is shown from a front-three-quarter view, driving through a large, muddy puddle on a dirt road. The car is splashing water and mud, which is captured in mid-air around the front wheels. The background is a dense forest with tall, thin trees and lush green foliage. The lighting is natural, suggesting daytime. The car's front grille features the Subaru logo and the word 'FORESTER' on the lower part of the bumper.

Built for the N1 on Monday
and the Midlands by Friday.

Engineered with Confidence to ensure that you can tackle whatever the road throws your way. With the **Symmetrical All-Wheel Drive** ensuring not only stability and traction but also giving you control in varying conditions.

Tackle the off road with 220mm¹ of ground clearance, **enhanced X-Mode capabilities** and excellent all round visibility.

The spacious boot now with **kick sensor** for easy opening and closing when your hands are full.

Whether you are cruising the highway down to Cape Town or taking the dirt road to that weekend escape, the Forester is the SUV for you. **Making the drive as pleasant as the getaway.**

1. Ground clearance at kerb weight.

Safety that gives you peace of mind

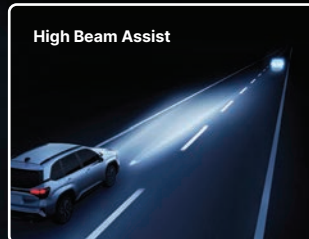

Intelligent safety features to help in every situation that the road ahead might hold.

The Forester is equipped with our award winning **EyeSight Driver Assist Technology**. Like a second pair of eyes on the road to help keeping you and your family safer. The **Adaptive Cruise Control, Lane Keep Assist, Pre-Collision Braking and Lane Departure Prevention systems** all work together to make the EyeSight system one of the best safety features globally.

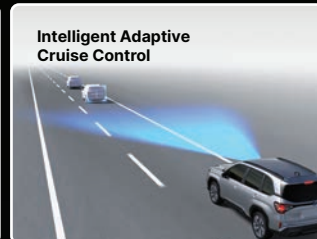

Our **Driver Monitoring System** with **Driver Focus** uses facial recognition to detect when the driver is distracted. Featured now in the Forester is the **Emergency Driving Stop** system which will bring the vehicle to a controlled stop if necessary.

Not forgetting the families, all Foresters come standard with the **ISO-FIX anchor points**, working with all baby and child car seats. Enjoy the journey with enough room for passengers and luggage.

Subaru Forester Sport

Subaru Forester Premium

6. Emergency Driving Stop System (EDSS) operates only when Lane Centering Function is operating.

7. SRS: Supplemental Restraint System. Effective when used with seat belts.

8. Water repellent trim repels water so the material is not easily penetrated by small amounts of water. Trim is not 100% waterproof. Intermittent cleaning may be required to maintain water repellent characteristics.

9. Harman Kardon® is a registered trademark of HARMAN International Industries, Incorporated.

Born in Japan.
Raised on South
African Roads.

Whether you are doing the school drop off or a weekend getaway in Nelspruit the all new Forester will confidently get you there. With the 2.5 litre Boxer engine, 220 mm ground clearance and world renown safety features the Forester is always ready. It will help you tackle what ever the road throws at you.

Engineered with Confidence. **Built for life.**
